

# **CENTRAL ELECTRICITY REGULATORY COMMISSION**

Ground Floor, Chanderlok Building,  
36, Janpath, New Delhi - 110 001

No.9/22/2012-Reg. Aff.-GC/CERC

Dated, the 18<sup>th</sup> February, 2016

## **“Engagement of Professional Expert by CERC for undertaking works related to Regulatory Compliance”**

### **1.0 Background**

1.1. The Electricity Regulatory Commissions Act, 1998 paved way for creation of the Regulatory Commissions at the Centre and in the States. Since the enactment of Electricity Act 2003 the power sector has undergone major structural changes.

1.2 The Electricity Act, 2003 has significantly enlarged the spectrum of responsibility of CERC. Under the ERC Act, 1998 only the tariff fixation powers were vested in CERC. The new law of 2003 has entrusted on the CERC several other responsibilities in addition to the tariff fixation powers, for instance, the powers to grant license for inter-State transmission, inter-State trading and consequently to amend, suspend and revoke the license, the powers to regulate the licensees by setting performance standards and ensuring their compliance, etc..

1.3 Following are the statutory functions of CERC:

- (a) To regulate the tariff of generating companies owned or controlled by the Central Government; to regulate the tariff of generating companies other than those owned or controlled by the Central Government specified in clause (a), if such generating companies enter into or otherwise have a composite scheme for generation and sale of electricity in more than one State;
- (b) To regulate the inter-State transmission of electricity ;
- (c) To determine tariff for inter-State transmission of electricity;
- (d) To issue transmission licenses and trading licenses with respect to inter-State operations;
- (e) To adjudicate upon disputes involving generating companies or transmission licensee in regard to matters connected with clauses (a) to (d) above and to refer any dispute for arbitration;
- (f) To levy fees for the purposes of this Act;
- (g) To specify Grid Code having regard to Grid Standards;

(h) To specify and enforce the standards with respect to quality, continuity and reliability of service by licensees;

(i) To fix the trading margin in the inter-State trading of electricity, if considered, necessary;

(j) To discharge such other functions as may be assigned under this Act.

1.4 The Act has also given advisory role to CERC. It has been mandated to advise the Central Government on the matters relating to formulation of National Electricity Policy and Tariff Policy, promotion of competition, efficiency and economy in activities of the electricity industry, and promotion of investment in electricity industry.

1.5 CERC, in fulfillment of its mandate under the Electricity Act, 2003 has been issuing various Orders, Regulations, Codes. It is considered important to assess the impact, the Regulations, Orders and Codes have on the power sector in general and stakeholders in particular.

1.6 In view of the above activities, the Commission has proposed to engage Professional expert (s) who would work on assignments for project monitoring on case to case basis.

## 2.0 **Scope of work proposed for the professional Expert :-**

CERC proposes to engage Professional Expert(s) to assist Commission in monitoring and ensuring Regulatory Compliance in the following but not limited to orders passed by the Commission.

The professional expert is expected to scrutinize the orders issued by the Commission from time to time, identify and list out the directions of the Commission, follow up on compliance of the directions with the assistance of the staff of the Commission.
