The following was present:

Shri Anand Ganeshan, Advocate for the Petitioner

ORDER

The Petitioner, Refex Energy Limited, a company registered under the Companies Act, 1956 (1 of 1956) has made the present application under sub-section (1) of Section 15 of the Electricity Act, 2003 (hereinafter referred to as "the Act") read with the Central Electricity Regulatory Commission (Procedure, Terms and Conditions for grant of Trading Licence and other related matters) Regulations, 2009 (hereinafter referred to as "Trading Licence Regulations") amended from time to time, for grant of Category 'I' licence for inter-State trading in electricity in whole of India. In accordance with sub-section (2) of Section 15 of the Act read with Clause (4) of Regulation 6 of the Trading Licence Regulations, notices were published by the Petitioner on 1.2.2018. In response to the said public notice, no objections have been received.

2. In accordance with Regulation 3 (3) of the Trading Licence Regulations, a person applying for Category 'I' trading licence should have net worth of ₹ 50 crore, and should have maintained minimum current ratio and liquidity ratio of 1:1, as on the date of the audited balance sheet accompanying the application. Based on special balance sheet as on 31.12.2017, it was found that the Petitioner possessed the required net worth, current ratio and liquidity ratio for grant of Category 'I' trading licence. Accordingly, the Commission came to the conclusion that the Petitioner *prima-facie* qualified for grant of licence for inter-State trading in electricity as a category 'I' electricity trader.

3. On the above considerations, the Commission vide its order dated 30.7.2018 had proposed to grant Category 'I' trading licence to the Petitioner. Notice under clause (a) sub-section (5) of Section 15 of the Act was published on 7.8.2018 in all editions of The Hindu (English) and Hindustan Times (Hindi) inviting suggestions/objections to the above proposal of the Commission. No suggestions or objections have been received in response to the notice issued by the Commission.

4. The Petitioner vide its affidavit dated 31.7.2018 has submitted that during the subsistence of the trading licence if granted by the Commission, it shall not engage in the business of transmission of electricity.

5. Clause (9) of Regulation 6 of the Trading Licence Regulations provides as under:

“(9) On consideration of further objections or suggestions received and the reply of the applicant thereto, if any, the Commission may grant the licence or reject the application, for reasons to be recorded in writing if the application does not confirm to the provisions of the Act, the rules or regulations or provisions of any other law for the time being in force:

Provided that no application shall be rejected, unless the applicant has been given an opportunity of being heard.”

6. On consideration of the materials on record, we are satisfied that the Petitioner company meets the requirements of the Act and the Trading Licence Regulations for grant of inter-State trading licence for Category 'I'. Accordingly, we direct that Refex Energy Limited be issued a Category 'I' licence for inter-State trading in electricity in whole of India.

7. The grant of trading licence to the Petitioner (hereinafter 'licensee') is subject to the fulfillment of the following conditions throughout the period of subsistence of the licence:

(a) The licensee shall comply with the provisions of the Act, the Rules and the Regulations, particularly, Trading Licence Regulations, orders and directions issued by the Commission from time to time and any other law in force;

(b) The licensee shall not engage in the business of transmission in electricity during the period of subsistence of the trading licence

(c) The licensee shall charge the trading margin strictly in accordance with Central Electricity Regulatory Commission (Fixation of Trading Margin) Regulations, 2009 as amended from time to time;

(d) The licensee shall continue to be governed by the qualifications and disqualifications specified in Chapter 2 of the Trading Licence Regulations during the subsistence of licence;

(e) The licensee shall abide by the terms and conditions of licence specified in Chapter 4 of the Trading Licence Regulations;

(f) The licensee shall have the liability to pay the licence fee in accordance with the provisions of the Central Electricity Regulatory Commission (Payment of Fees) Regulations, 2012, as amended from time to time or any subsequent enactment thereof; and

(g) Non-compliance of the provisions of the Act, rules, regulations framed by the Commission and the provisions of Trading Licence Regulations shall make the licence of the petitioner liable for revocation.

(h) If the licensee fails to undertake trading in electricity within one year from the date of licence, the licence shall be liable for revocation in accordance with the provisions of the Act and Trading Licence Regulations.

(i) The licensee shall submit all such report or information as may be required under Trading Licence Regulations or any other regulation of the Commission or as per the directions of the Commission as may be issued from time to time.

8. Petition No. 44/TD/2018 is disposed of in terms of the above.
