No. F.DTL/203/F-26 /2017/Oprn. GM(C&RA)/45

Date : 29 /06/2017

The Secretary,  
Central Electricity Regulatory Commission,  
3rd & 4th Floor, Chanderlok Building,  
36, Janpath, New Delhi-110001

**Subject : Comments of Delhi Transco Limited on Draft Central Electricity Regulatory Commission (Transmission Planning and other related matters) Regulations, 2017.**

Sir

In reference to the CERC Public Notice dated 26.04.2017 and 05.06.2017 regarding the comments on Draft Central Electricity Regulatory Commission (Transmission Planning and other related matters) Regulations, 2017, the following comments/suggestions are offered by Delhi Transco Limited :

"The current Transmission Planning philosophy/manual on ISTS and Intra STS system deliberates in detail about the conventional grid substations and overhead transmission lines; however, it does not deliberate about the Gas Insulated Switchgear (GIS) substations and underground cables. Delhi is a congested urban area and there are Land and Right of Way (ROW) constraints, therefore, the Gas Insulated Switchgear (GIS) substations along with underground cables are being planned in the Intra State Transmission System of Delhi.

In view of the above, the Transmission Planning philosophy, associated guidelines and manual of CEA may also include the criteria related to Gas Insulated Switchgear (GIS) substations and underground cables."

Hon'ble Commission is therefore requested to kindly consider the above submission of Delhi Transco Limited.

Thanking you
