Analysis and Decision

11. We have considered the submissions of the Petitioners and perused the documents available on record. The Commission in its order dated 6.12.2016 in Petition No. 219/MP/2016 granted approval under Sub-section (3) and (4) of

Section 17 of the Act for creation of security in favour of Security Trustee, namely, IDBI Trusteeship Services Limited. The original lender, namely, IndusInd Bank Limited made available financial assistance amounting to Rs. 461 crore as rupee term loan for the Project. Thereafter, the Commission vide order dated 11.7.2019 in Petition No. 36/MP/2019 accorded in-principle approval to the First Petitioner for change of constitution of the consortium of the then existing lenders through down-selling of part of rupee term loan of Rs. 461 crore by the original lender, namely, IndusInd Bank Limited to new lenders, namely, IFCI Limited, Industrial and Commercial Bank of China Limited, TATA Cleantech Capital Limited and Export-Import Bank of India to the tune of Rs. 100 crore, Rs.100 crore, Rs. 85 crore and Rs. 75 crore respectively.

12. Subsequently, on 4.3.2020 and 20.3.2020, the First Petitioner has issued Senior Secured Notes to eligible investors by way of private placement (USPP Notes) for refinancing of the entire loan obligations to the rupee lenders under the Facility Agreement dated 28.9.2016. In this regard, the First Petitioner has entered into Master Note and Guarantee Agreement dated 4.3.2020 with the USPP Note Holders for issue and sale of US\$ 54 million aggregate principal amount of 5.20% Series A Guaranteed Senior Secured Notes and First Supplement and Amendment to Master Note and Guarantee Agreement dated 20.3.2020 for issue and sale of US\$ 18 million aggregate principal amount of their 5.20% Series B Guaranteed Senior Secured Notes. In terms of the above Financing Agreements, the USPP Note Holders agreed to provide the financial assistance not exceeding US\$ 72 million to the First Petitioner. The First Petitioner and Catalyst Trusteeship Ltd. have entered into a Security Trustee Appointment Agreement dated 6.3.2020, whereby Catalyst Trusteeship Ltd. has

agreed to act as Security Trustee for the benefit of the Secured Parties and to enter into all relevant security documents thereof.

13. It has been submitted by the First Petitioner vide its affidavit dated 7.7.2020 that the Scheduled Commercial Operation Date (SCoD) of the Project was 23.3.2019 and the Project achieved the commercial operation on 25.3.2019. The First Petitioner has submitted original estimated Project cost and means of finance as under:

Original Estimated Project cost	Rs. in crore	Means of finance	Rs. in crore
Hard Cost	449	Equity Share Capital	49
IEDC	83	Loan/ Debenture from promoters, group companies	148
IDC	76	Secured loan/ debt from External source	461
Other Costs (Contingency, WC and DSRA)	50		
Total	658	Total	658

14. The First Petitioner has submitted the means of finance for the actual Project cost of Rs 620.82 crore as on 31.3.2020 as under:

		Loan/ Debenture from Promoters and group companies	7.17
		Secured loan/ debt from external source	539.70
		Others	12.93
Total	620.82	Total	620.82*

**There is a minor difference of Rs. 0.01 crore in total means of finance due to rounding off error.*

Note: There is variation in total project cost and total means of finance as on 31.3.2020 as submitted in the prescribed format. The requisite information from the Auditor Certificate has been considered in this regard.

15. The lender-wise details submitted by the First Petitioner are as under:

Lender's Name	Actual loan as on 31.3.2020 (Rs. in crore)
Purchasers of Senior Secured Notes - US\$ denominated Notes (US\$ 72 Million)	540

16. It has been submitted by the Petitioners that upon refinancing of the entire existing rupee term loan, the obligations of the First Petitioner under the Rupee Term Loan Agreement shall irrevocably and unconditionally be fulfilled to the satisfaction of the rupee lenders and the trust or the security interest created in favour of IDBI Trusteeship Services Limited shall automatically come to an end. The First Petitioner has placed on record the copy of the 'No due Certificates' issued by earlier Security Trustee, namely, IDBI Trusteeship Services Limited and the prior lenders, namely, Industrial and Commercial Bank of China Limited, TATA Cleantech Capital Limited, IndusInd Bank Ltd., Export-Import Bank of India and IFCI Limited.

17. The transmission projects are capital intensive Projects requiring huge capital investment. These projects are financed through equity of the project developer and loans by the financial institutions and/or issuance of debentures and/or issuance of Senior Secured Notes which is a form of loan. It is a normal practice followed by financial institution/ banking industry to ask for sufficient security from the borrower to back the loan in order to mitigate the credit risk of

the lenders. In the instant case, the Commission, in its order dated 6.12.2016 in Petition No. 219/MP/2016, had granted in-principle approval for creation of security interest in favour of Security Trustee, namely IDBI Trusteeship Services Limited. Subsequently, vide 11.7.2019 in Petition No. 36/MP/2019, the Commission granted in-principle approval for change in consortium. The First Petitioner has now decided to refinance the entire rupee term loan by issuing of USPP notes for which Catalyst Trusteeship Ltd. has agreed to act as Security Trustee for the benefit of the secured parties i.e. USPP Note holders. In accordance with Article 15.2 of the TSA, the Transmission Service Provider has been allowed to create encumbrance over all or part of the receivables, Letter of Credit or other assets of the Project in favour of the lenders or the lender`s representatives, as security for amounts payable under the Financing Agreements and any other amounts agreed by the parties. Further, as per Articles 15.2.4 of the TSA, the First Petitioner is required to take prior approval of this Commission before creating any encumbrance over all or part of the receivables, letter of credit or other assets of the Project, in favour of its lenders or the lender`s representative. The relevant extract of the Article 15 is as under.

“15.2.2 However, the TSP may create any encumbrance over all part of receivables, letter of credit or the other assets of the Project in favour of the Lenders or the Lender’s representative on their behalf as security for amounts payable under the financing agreements and any other amounts agreed by the parties.

Provided that:

- i. The lenders or the lenders’ Representative on their behalf shall have entered into the Financing Agreements and agreed in writing to the provisions of this Agreement; and*
- ii. any encumbrance granted by the TSP in accordance with this Article 15.2.2 shall contain provisions pursuant to which the Lenders or the Lender’s Representative on their behalf agrees unconditionally with the TSP to release from such encumbrances upon payment by the TSP to the Lenders of all amounts due under the Financing Agreements.*

15.2.4 Neither the TSP nor any of the Long Term Transmission Customer can relinquish or transfer its rights and obligations, without prior approval of the Appropriate Commission.”

18. Sub-sections (3) and (4) of Section 17 of the Act provide as under:

“(3) No licensee shall be any time assign his licence or transfer his utility, or any part thereof, by sale, lease, exchange or otherwise without the prior approval of the Appropriate Commission.

(4) Any agreement relating to any transaction specified in sub-section (1) or subsection (3), unless made with the prior approval of the Appropriate Commission, shall be void.”

As per the above provisions, a licensee is required to obtain approval of the Commission for assigning his licence or transferring its utility or any part thereof by way of sale, lease, exchange or otherwise and entering into an agreement relating to any of these transactions.

19. In our view, change of Security Trustee from IDBI Trusteeship Services Limited to New Security Trustee, namely, Catalyst Trusteeship Limited acting as Security Trustee on behalf of New lenders needs to be given comfort for creation of security for the benefit of the lenders/ banks/ financial institutions/ non-banking financial companies as security for the financial assistance provided by the lenders. We, therefore, accord in-principle approval to the First Petitioner to create security interest in favour of Catalyst Trusteeship Limited acting as Security Trustee on behalf of the Secured Parties i.e. USPP Note Holders, Hedge Counterparties, other secured parties, and their respective successors, assignees, novatees and transferees as per Master Note and Guarantee Agreement dated 4.3.2020 (as amended and supplemented).

20. It is, however, made clear that the transmission licence granted by the Commission to the First Petitioner and the underlying assets cannot be assigned

in favour of the nominee of the Security Trustee unless prior approval of the Commission is obtained at the time of creating rights in favour of such nominee. Before agreeing to assignment of licence and the assets of the First Petitioner to the nominee of lenders, the Commission shall evaluate such a nominee's experience in development, design, construction, operation and maintenance of transmission lines, and ability to execute the Project and undertake transmission of electricity. The licensee, lenders, Security Trustee and the nominee, accordingly, shall be jointly required to approach the Commission for seeking approval. This will give an opportunity to the Commission to satisfy itself of the circumstances necessitating such transfer. This decision of ours is in accordance with Regulation 12 of the Central Electricity Regulatory Commission (Procedure, Terms and Conditions for grant of Transmission Licence and other related matters) Regulations, 2009 which reads as under:

“12. Assignment of Licence

In case of default by the licensee in debt repayment, the Commission may, on an application made by the lenders, assign the licence to a nominee of the lenders.”

21. Accordingly, in case of default by the licensee in debt repayment, the Commission may, on a joint application made by the licensee, lender, Security Trustee and the nominee, approve the assignment of the licence to a nominee of the lender subject to proper due diligence of the process. Therefore, specific prior approval of the Commission for assigning the licence to the nominee of Security Trustee or transfer of any assets to them shall always be needed. Lastly, finance documents and statements may be filed by the First Petitioner as and when required by the Commission for any specific purpose.

22. With the above, Petition No. 493/MP/2020 stands disposed of.
