Record of Proceedings

At the outset, the representative of the Petitioner submitted that Petition No. 219/TT/2025 pertains to the original transmission project. He submitted that as per the

Commission's order in Petition No. 94/TT/2024, the reconductoring of the transmission assets forms part of the original transmission project, namely, the 400 kV S/C Kankroli - Jodhpur transmission line, and is to be considered as Additional Capital Expenditure (ACE) under the original project. He further submitted that reconductoring of the transmission assets covered under Petition No. 264/TT/2025, namely, the 400 kV Jodhpur (Surpura) (RVPN) - Kankroli S/C (twin moose) line with twin HTLS conductor and associated OPGW installation, falls within the scope of the transmission assets already covered in Petition No. 219/TT/2025, which includes the 400 kV S/C Kankroli - Jodhpur transmission line along with its associated bays. However, the Petitioner clarified that no ACE has been claimed in Petition No. 219/TT/2025.

2. After hearing the Petitioner's representative, the Commission observed that the Petitioner should claim the reconductoring work of the transmission assets mentioned in Petition No. 264/TT/2025 as ACE in Petition No. 219/TT/2025. In response, the representative of the Petitioner sought permission to withdraw Petition No. 264/TT/2025 and to file the amended Petition to Petition No. 219/TT/2025.

3. After hearing the representative of the Petitioner, the Commission permitted the Petitioner to file the amended Petition within two weeks. Accordingly, Petition No. 264/TT/2025 was disposed of.

4. The Commission directed the Petitioner to serve a copy of the amended Petition on the Respondents, who may file their respective replies, if any, within two weeks after the filing of the amended Petition, with a copy to the Petitioner, who may file its rejoinder, if any, within two weeks thereafter.

5. Subject to the above, Petition No. 219/TT/2025 will be listed for hearing on **5.6.2025**.
