- 4. Shri Yogesh Agarwal, KPTL
- 5. Shri R. Balachandran, KSEB

ORDER (DATE OF HEARING: 30.01.2003)

In the present petition, filed by Power Grid Corporation of India Ltd, it has been prayed that consequent to enactment of the Electricity Act, 2003 (hereinafter referred to as "the Act"), the Commission may allow continuation of the trading in electricity as an interim measure in terms of the notification dated 24.11.1999, operational guidelines for electricity traders dated 20.3.2003 issued by the petitioner in its capacity as the Central Transmission Utility and in terms of the relative priorities of various inter-regional exchanges decided under letter dated 2.6.2003.

- 2. The petition was listed for hearing on admission.
- 3. The Commission in terms of its notification dated 24.11.1999 had decided that any person could undertake transactions involving sale and purchase of inter-state energy, without obtaining specific approval of the Commission till the regulatory framework for the purpose was notified. Certain entities undertook

trading in electricity in terms of the liberty granted under notification of 24.11.1999, but the regulatory framework for this purpose was not notified by the Commission. Meanwhile, the Act came into force. Consequent to enactment of the Act, trading has become a regulated activity. Under Section 12 of the Act, no person can undertake inter-state trading in electricity, unless he is authorised to do so by a licence granted by the Commission or is exempted from obtaining a licence under Section 13. The Act further empowers the Commission to frame regulations for the purpose of trading in electricity. The regulations on the subject were not finalised by the Commission when the present petition was filed. Accordingly, the petitioner has sought continuation of trading of electricity in terms of the Commission's notification dated 24.11.1999 as an interim measure till notification by the Commission of the regulatory framework or the regulations under the Act.

4. After enactment of the Act, a number of entities had approached the Commission for grant of licence for inter-state trading. In the absence of the regulations, the Commission could not take a final view on the applications filed before it for grant of licence for inter-state trading. Therefore, the Commission decided that the applicants could undertake sale and purchase transactions involving inter-state transmission of energy in terms of the notification dated 24.11.1999 for a period up to 31.3.2004 at their own risk. The applicants were further directed to file fresh applications for grant of licence under Section 14 of the Act, in accordance with such terms and conditions as may be notified by the Commission.

- 5. Shri Virender Mittal appeared on behalf of the petitioner. In view of the above noted factual position, he did not press the petition.
- 6. Accordingly the petition is infructuous and is therefore dismissed at the admission stage itself.
- 7. Before parting with the case, we may add that the regulations for interstate trading have been finalised by the Commission on 30.1.2004. Therefore, in future, grant of license for inter-state trading shall be regulated in terms of these regulations.

Sd/-(K.N. SINHA) MEMBER Sd/-(ASHOK BASU) CHAIRMAN

New Delhi dated the 6th February 2004
